SCOTT'S LITTLE GIANT COL. AND COB MILL.

THERE are features connected with this Mill worthy of consideration and close examination on the part of

those wishing to purchase a Feed Mill.

Its mechanical construction and adaptation to the purposes designed, to crush and grind ear corn. Its great especity, while doing an imms——work with extraordinary ease, its durability is amply work win extraordinary case, its durability is amply; dided for. The complete and entire pritableness of the little Giant, readering its greater convenience for plantation and farm use impossible. It requires no mechanical aid or bill of expense to put it up; any farm hand or servant can put up and set one running in half an hours time. The convenience with which the sweep may be applied to run horizontal—as is most usual—or over head, and the mill may be easily attached where steam or water is used. The power it takes, requiring one and two horses. The quantity and quality of product, 18 to 80 bushels of good feed meal per hour, according to the degree of fineness ground, and the size mill. It is the cheapest mill, all thurgs considered, there is before the public.

is before the public.

Another thing connected with the Little Giunt, as a patent, and worthy of note, is the fact that there has been no Patent Right sponulating or buckstering about the coun-try, as is usual with the thousand bungling make shift imtry, as is usual with the thousand bungling make shift im-plements that are got up as a trade—merely to get money by selling or palming off the patent right upon the oredu-lous—then the machine to be shandoned by all parties as a humbug; on the other hand the Patentee and Proprietors of the Little Giant Mulls, believing that they can—and de-termined that they will supply the Agriculturalists and Stock raisers of our country with a superior Mill, are permanufly engaged in the business, and have over one hundred thousand dollars invested to the manufacture of these mills, in the Lest, West and South, some of these establish means employing 60 mensely in this business. So highly are these mills appreciated, that four thousand have been sold within the past eighteen mouths, and the heaviest and the most extensive Manufacturers of Agricultural imple-ments in the United States have eagerly sought an inter-set in their manufacture and sale.

No implement has been more thoroughly tested; no one

of the kind has received so numerous and high testimonials from Mechanics' Institutes and Agricultural Associations. and none by reason of substantial, practical utility and ment have more fairly ground their way into every day use and popular favor than Scott's Little Giant Corn and Cob Mill. Orders promptly filled. ob Mill. Orders promptly filled.

Agents in Nashville for
YOUNG, WYATT & CO.,
Savannah, Ga.,
Charleston, South Carolins,

Savannah, Ga., | Charleston, South Carolina, FORWARDING AGENTS & GENERAL COMMISSION MERCHANTS. WE would respectfully announce to the Merchants of Nashville and vicinity, that we have secured the services of the well known house of Messrs. W. H. GORDEN & C.O., whose pleasure it will be to present our formula of the complete of the control o warding bills for collection at the counters of our pairons in Nashville. Our bills being made payable in Nashville, will effectually do away with all the annoyance and inconvanience heretofore arising from having to purchase draits, make remittances, leave deposits, &c. &c.

Goods consigned to our care are incurially forwarded the same day of arrival, unless discharged from vessel af-ter the railroad depot is closed for the night; — when this occurs, the goods are slowed in our fire-proof ware-houses, we comed by the crance, at an additional cost to our patrons.
We would again return our grateful thanks to merchants generally in Tennesses for the patronage heretofore so lib-only bestowed upon us, and at the same time respectfully solicit their busine s so long as they find it to their juter-set to patronise our houses. YOUNG, WYATT & CO.,

HELMBOLD'S GENUINE PREPARATION. HELMBOLD'S HIGLY CONCENTRATED COMPOUND FLUID EXTRACT BUCHU or diseases of the Biadder and Kidneys, Scoret Diseases, Strictures, Weaknesses, and all diseases of the Sexual Organs, whether in Male or Femals, from whatever cause

they may have originated, and no matter of how long you have contracted the terrible disease which, when A conce seated in the system, will surely go down from one generation to another, undermining the constitution and supping the very vital fluids of life, do not trust yourself in the hands of Quacks, who start up every day in a city like this, and fill the papers with glaring falseboods, too well calculated to deceive the young, and those not ac-quainted with their tricks. You cannot be too careful in as selection of a remedy in these cases.

The Fluid Extract Buchu has been pronounced by eminent physicians the greatest remedy ever known. It is a

nedicine perfectly pleasant in its taste, and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisoneus virus of this dreadfu disease; and, unlike other remedies, does not dry up the disease in the blond. Constitutional Debility, brought on by self-abuse, a most terrible disease, which has brought thousands of the hu-nian race to untimely graves, thus blasting the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a noble youth, can be cured by this Infallible Remedy. And as a modicine which must bene-

fit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found acting both as a Cure and proventive.
HELMBOLD'S HIGHLY CONCENTRATED COMPOUND FLUID EXTRACT SARSAPARILLA or Purifying the Blond, removing all diseases arising from excess of Mercury, exposure and imprudence is

hie, chronic canstitutional disease, arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Surofula, Sait Rheum, Scald head, Olcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all Scaly fruptions of the Skins.

THIS acticle is now prescribed by some of the most distinguished physicians in the country, and has proved more efficient in practice than any preparation of Sarsaparii a yet offered to the public. Several cases of secondary Syphilis, Mercurial and Scrofulous diseases have entirely recovered in the incurable wards of our Pub-lic festitutions which had for many years resisted every mode of treatment that could be devised. These cases furnish striking examples of the salutary effects of this

Norice.- Letters from responsible Physicians and Professors of several Medical Colleges, and certificates of cures from patients will be found accompanying both Prepara-Paices, Fluid Extract of Buche, \$1 per bottle or 6 do for \$5 equal in strength to one gallon of Syrup of Sarsapariles
